Mission Moment

Basic to the financial program of The United Methodist Church, the World Service Fund is the primary way to support the denomination's global mission and ministry. This vital fund connects local churches with ministries across the denomination through church agencies and other national and international programs.

Giving to the World Service Fund enables the people of The United Methodist Church to play an active role in reaching the denomination's four areas of focus. The World Service Fund equips United Methodist boards and agencies to work in developing principled Christian leaders for the church and world, creating new places for people to worship and renewing existing congregations. We engage in ministry with the poor, and stamping out killer diseases of poverty by improving health globally.

The World Service Fund truly demonstrates the mission of the United Methodist Church by supporting work with children, youth, students, and people with mental and physical challenges, adults and older adults. The fund also provides leadership for ministry with youth and continues its commitment to quality under-graduate and post-graduate education.

The World Service Fund makes sure that United Methodists speak and work to encourage a more ethical, just and humane world.

Just as budgets and accountability equip individuals and families to do the most good with their money, the World Service Fund was created to be a leading, trusted resource for The United Methodist Church and to promote fiscal integrity, thus enabling the fulfillment of the mission and ministry of the church.
