Mission Moment

The beauty of being a part of the global United Methodist Church is gaining a deeper understanding of what it means to witness the glory of God among nations. Africa University in Zimbabwe is proof and is supported globally by The United Methodist Church.

Africa University is the only General Conference-approved, degree granting institution of higher education supported by UMC on the continent of Africa.

In March, Africa University celebrated its 25th anniversary. Today, the university serves nearly 1,500 students and has more than 6,200 alumni. Most students receive financial assistance to complete their studies in agriculture, health sciences, social sciences, management and theology. In addition, the Institute of Peace, Leadership and Governance offers post graduate diplomas and master's programs.

With the powerful tools of education and faith, Africa University strives for students to be the beacon of quality education, spiritual maturity with sound moral values, ethics and leadership qualities.

Through the Africa University Fund, we help maintain a university that shapes current and future faith based leaders.

May our love in Jesus Christ be felt by people near and far whose lives are touched by our mission.
