Mission Moment

This week we celebrate "*United Volunteers in Mission Awareness Sunday*". Did you know that United Methodist Volunteers in Mission has coordinated volunteers since 1976, with projects in over 90 countries around the world? ...and..... Also serves in the U.S. to people in need in over 30 states?

The projects that volunteers can serve on are as diverse as the number of places there are to serve. Some of the work involves assisting communities with maintaining clean water sources. Other work involves the building of churches in impoverished areas, working in medical clinics, teaching English and improving substandard housing in the U.S. and globally.

Not only does United Methodist Volunteers in Mission coordinate volunteers, but it also prepares those volunteers for their mission experience. This involves training to ensure volunteers are equipped and ready to lead, logistically and spiritually.

We recognize the important work of putting Christian love into action across the globe on *United Methodist Volunteers in Mission Awareness Sunday*.
