Mission Moment

Global Ministries, UMCOR and The Advance invite you to give love, joy, hope and peace by offering a year end gift.

Throughout the remainder of 2019, our gifts are transforming the lives of people around the world. These transformations only happen because of our commitment to this life giving work.

We support missionaries who serve all corners of the globe.

We make health care accessible to people all over the world.

We help churches sustain and expand their ministries.

We provide material and spiritual relief in the face of disaster-both natural and man-made.

We bolster the ministries of our partner organizations.

Our gifts, joined with the gifts of others, make a significant impact in the lives of individuals and communities.

Through mission, we believe The United Methodist Church realizes its greatest unity, and through mission and being in mission together, we believe society achieves its greatest potential.
