## Mission Moment

Thanks to the **United Methodist Children's Fund for Christian Mission**, the youngest members of God's family model Jesus' words in Matthew 25. Children reach out to their peers in many ways; they feed them, quench their thirst, clothe them, heal them and shelter them.

A joint program of Discipleship Ministries and Global Ministries helps children respond to God's presence and love as they learn to care for others, develop good habits of giving of themselves, build their knowledge of global cultures and practice being in mission.

Global Ministries selects the project related to children and Discipleship Ministries provides resources to promote the fund.

Through the fund, local churches educate boys and girls about other places in the world as well as important mission issues related to children.

Our generosity expressed through the **Children's Fund for Christian Mission** means education, nutritious meals, health care, a safe haven for orphans and other vulnerable children, and much more.....

That is mission at its best!
